

SF-1118

1/2

[Fig. 1]

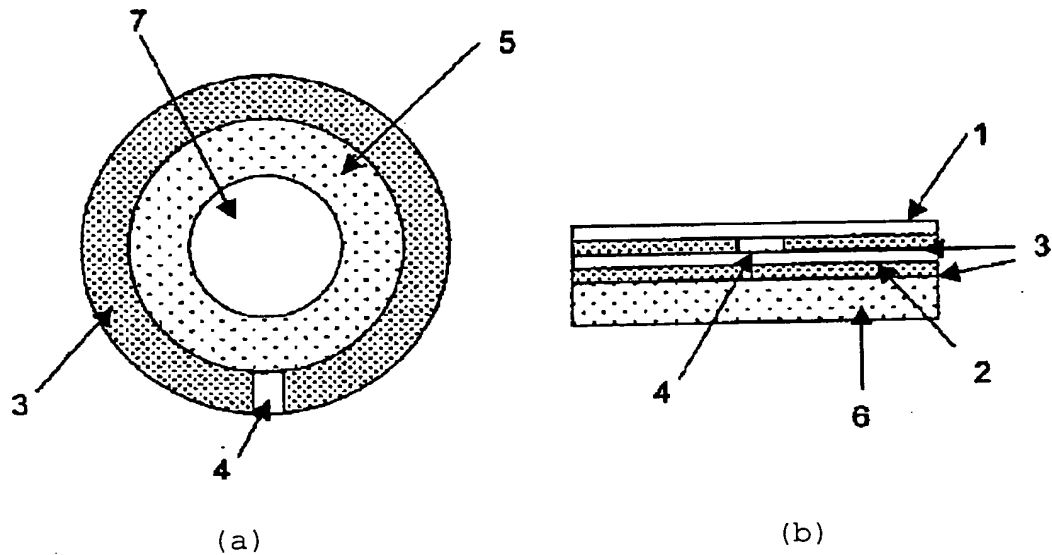

View observed from the top      View observed from the side

- 5      1: Retardation film A-1  
2: Retardation film A-2  
3: Adhesive layer (overlap width)  
4: Non-adhesive area (area devoid of overlap width)  
5: Area where adhesive is absent

SF-1118

2/2

[Fig. 2]

View observed from the top      View observed from the side

- 5      1: Retardation film B
- 2: Retardation film B
- 3: Adhesive layer (overlap width)
- 4: Non-adhesive area (area devoid of overlap width)
- 5: Area where adhesive is absent but substrate is
- 10 present.
- 6: Substrate
- 7: Area where neither adhesive nor substrate is present (laser beam transmission area)
